Bounce Forward Resilience Sessions

The pupils involved in Bounce Forward Resilience sessions had a fantastic finish to their workshops by being filmed by Sky News with Lancashire Mind and Headstart. They have completed 6 weeks of Resilience workshops, following the framework and learning strategies for how they can look after their mental well-being in and out of school.

Upper Primary

2H have been exploring abstract art and have created countryside art using shapes and colour. Look out for their pieces of amazing abstract art at next month's art exhibition!

Lower Primary

In Science, 1B have been learning about the needs of a plant. This week they have been experimenting using food colouring and celery sticks to find out how the water is transported around a plant as it grows. The pupils can't wait to see the results!
