

Dates for your diary

15th May — Y4 Fit to Go Event at BFC.

17th May — Share a Pencil Day.

18th May — Maths Day.

22nd May — Science Week.

26th May — RLA closes for Half Term.

17th July 3.30-4.30pm — Parent Consultation Monday,

SATs – We are very proud of all of our Y6 children who took their SATs this week. The children took their tests in a mature, responsible and positive manner. Thank you to all our parents who ensured that the children arrived in school on time. Reminder—All our Y6 Booster clubs have now finished. Y2 children will complete their SATs next week. Your child's test results will be sent home with their new-look pupil report at the beginning of July.

Toys/Games

Fidget Spinners are not permitted at RLA as they are disrupting teaching and learning. This also applies to action figures/ other toys. Please ensure your child does not bring them in to school. Any toys brought in to school will be collected in and returned at the end of the day. Thank you for your support.

Attendance & Punctuality

Attendance Target: 96.5%

	Class % this week	Class % this week	No of late children this week
Rec	RRT—97.1	RLH—92.8	7
Year 1	KG/LM-96.5	LD/VG—93.3	5
Year 2	KG-98.7	KD—98.6	6
Year 3	SS—99.1	EG/AL—97.3	8
Year 4	KW—97.6	RW—98.2	7
Year 5	MR—96.9	SHA—97.7	5
Year 6	JW—99.1	KC—95.3	8

Headlice – please check your child's hair regularly for headlice. Regular combing, conditioning and treating your child's hair will prevent your child, and other children, from being 'infected.'

Summer Uniform

Just a reminder that our summer uniform for girls is navy/white check dress and boys may wear plain grey shorts. Black school shoes must be worn by all children!

Betterstart

Parents and children from Revoe Children's Centre enjoyed meeting Betterstart, NSPCC & Esther Rantzen in their newly opened early years natural play area in Revoe park. Designed to encourage play, learning and family fun for the under 5's in a natural environment, it was designed with the children of RLA & Children's Centre, who designed the Park and talked about what they would like to see in this area as part of their curriculum. The area has now been transformed into their vision which is great! After many months of planning with local people, children and professionals with funding from Betterstart, this disused bowling green has been turned into a wonderful family friendly outdoor space due to open in 2 weeks time!!

Waterpark 2017

There are still a few places available on the Y6 (current Y5) Waterpark visit in September. If you would like to book a place for your child or require further information please contact our school office.

Reception

Reception have been busy learning about Road Safety this week with resources from Road Safety Charity brake.org.uk. We have been listening to stories and role playing how to cross roads safely in different ways. Pictures from the website think.direct.gov.uk have given us plenty to talk about and the children impressed us with how much they already knew about being safe when crossing roads. We had fun measuring everyone and all children received information about car seats and new height restriction laws. Children also were also given a sticker and certificate for taking part.

Maths Day.

On Thursday, 18th May, RLA will be visited by The Happy Puzzle Company. Throughout the day, most of the Key Stage 2 children will have the opportunity to work in teams to solve puzzles and mathematical problems provided by our visitors. In addition to this, some of our children will also have the opportunity to solve the puzzles working alongside their parents and carers. There will be the opportunity for all families to view and purchase puzzles from our school hall at the end of the school day.

Our Science week will be held from 22nd—26th May. This year the theme is 'out and about', with the main focus being health. During the week children will : get active by running a mile; explore nature; grow plants; experience new learning in Revoe Park; as well as meet dentists, animals and guide dogs. They will also meet

scientists and definitely become scientists themselves! We will be making links with science and sport throughout the week as part of our biology work, so ... the week will end on Friday 26th May, with a 'Get Sporty Science Day'. Children can attend school in their own sporty clothes, dress as their favourite sports person or come dressed as a scientist. The choice is theirs!!"

What a week it will be at Revoe Learning Academy!

Science Week 2017

Year 5

Our 5 children have just begun a 7 week program at the Blackpool Outdoor Education centre high ropes facility. Over the program, the children will experience different activities including high and low ropes courses, ' the mole hole', climbing wall, zip wire and the nerve testing 'crows nest'. The program will allow the children to experience outdoor and adventurous activities in an unfamiliar setting, allowing the children to develop confidence, resilience, teamwork and social skills. We will keep you updated with photos over the next few weeks.

Exciting Building Works

Revoe has been successful in applying for Government money to replace our roof and alarm system. This work will start very soon and will mean the building will be surrounded with scaffolding. Please remind your children not to play on our site—we do not want any accidents, or worse!

Smilies **this week** —Thank you, children, for your amazing Attitude, Conduct and Effort. You're ACE!
